DETAILED ACTION

Claims 7,8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As to claim 7, "said central seat means" lacks antecedent basis. Also, claim 7 depends upon a cancelled claim.

Claim 2 is allowable only due to the "first *cross* of four first type webs angularly spaced by *90 degrees* about said axis", "second *cross* of four second type webs angularly space by *90 degrees* about said axis, said second cross being angularly *offset* relative to the first cross *by 45 degrees*" limitations with remaining limitations.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
